FINAL WORLD PEACE ACCORD only way to ACHIEVE Total World Peace REALITY

### International PRESS release required by Everyone.

Cks20200531-finalPeaceAccordCovenant-creatorKEITH-space.pdf OH MY REAL GOD. GOD lives inside of US. Called the HOLY Spirit by most people. We call him the Breath of Life. This is the beating of our heart through our neck veins to our Brain. The rest of our entire GODs engine body is powered by our GUT. What goes in our food mouth does the rest. All our other organs support the heart and our brain. Everything else can be supplemented. Look at a paraplegic including Stephen Hawkins. From a GODs eye view we are a living organization of interconnected DOTS. The humanity part of us is our SOUL that resides in our brain. This the thinking part that processes all the input of of eyes, ears, tactics feel, taste, smell. We are all organic computers. Remember famous Helen Keller. She had only taste, smell, and tactual feel. She heard and saw nothing. Imagine how you would feel, unable to learn to speak since you had nothing to compare your voice grunting out sounds you could only feel, but not hear. Image living with no vision and no hearing. All your heard was a slight same ringing in your ears or dead silence. How could you possible learn anything.

I personally was just sent another message from GOD. I really wonder if GOD talks to any of you or you just fake it to make it claiming GOD is part of your life. I hear these preachers on TV and all those church plus more services I have attended. Estimate 2 a week x 52 weeks/yr x 61 years = 6344. More if I count all the spiritual videos, massively more feverishly and virally reading so so many versions of the bible, Quran, monk teachings, books on spiritual wisdom, the count is ,mega millions of encounters with GOD. Even watching the trees sway is a direct experience with my-our GOD.

I finally personally was given a message at midnight May 30. 2020. Three categories of people exist. The first very rare few are total conscious of my GODs mutual presence. They feel the higher power in theirhead and body. Second group is bewildered by everything and fake it to make it. Third group is brainwashed by zealot cult to believe the LUCIFER agenda they are only cloned actors in a fake reality drama. These are the ones who claim they are Flat Earthers, That Man never landed on moon, that no aircraft every hit 9-11 twin towers. That THEY or THEM is a secret agenda agency of Reptilian Shape shifting aliens some call Grays,Andromedas, Ventricular Reptilians, Verdants, who have agents living among us. I am beyond SHOCKED. By watching Criminal Investigations, watching any Soap Opera show, any game show like the ones where GAY men dress like women and pretend their are only women. Everyone laughs and pokes fun at them. These homosexuals feed on this attention. The Lesbians of our world are exact opposite. They might have short hair and dress in mens clothes but I have yet to see any on TV or news who act like the gay men. NEVER.. EVER. So so so strange.

The gays and lesbians in USA dress normally when they go to work, church, and around town. Only when they want to tell everyone they are gay lesbian do they hold hands or public display of affections. Have you ever noticed there are ZERO gays who are corporate executives or top world leaders who dress like women and prance around. Name JUST ONE gay man would is a world leader who wears women clothes. JUST ONE.

ProfitShareHolders.space is GODs reality of how to prevent any smart individual from stealing our bank accounts and stock market long term profits. Never ever been shown in a spiritual financial economic realm before. GOD showed me through personal experience this long long ago, I could never been the re-active market unless I hired a conscious reality financial manager person. Known
as a proxy, they would advise me on how to long term maximize growth of my retirement accounts and cash reserves that are our true net worth.

Same applies to GOD inside our head 1st category above. Money is only a food to move work effort into food into our gut. It has zero value, it is just a shopping cart for everything else. When everyone dies, Money is clearly worst millstone around our neck dragging us down into the torture of eternal hell. If we store our Holy Spirit work energy by serving others without being mindful of wealth, we store our finally value in heaven waiting upon our eventual asserted ascension into our own 4th dimension of UTOPIA heaven. Imagine my surprise when I realized my entire life has been focused on OTHERS, and really NEVER myself. Again 1st category.

1:11 am again. That ONE number keeps appearing so many times in just past 11 years. Surely a sign from GOD of my original purpose mission for why he conceived me. the word discernment keeps pointing the way in my head. Is a person sharing their Holy Spirit or NO to share GODs purpose with others. Singularity of Artificial Intelligence is the smart computer programs and hardware we learned at NCSU 1976 with CHUCK LINK and Alexander ROBB (my real first love in 1977). Others were one I only dated one time. Lived North of Greensboro was 100% focused on Computers like me and seldom if ever dated) her name was Kathy Philipps from EDEN NC sounds right. Other was Matthew Robbins? 4 years behind me W4ATC. Surely he is a billionaire by now.

If you show GOOGLE EARTH to a ‘FLAT Earther, what will they possible say. I am back on GOOGLE earth PRO is that truly GODs eye view of everything spatial. I am seeing all my travels to key GODs locations. I am looking for mountains to plant new SolutionSafeWater watershed GODs management systems that also achieve total world global peace with use of TurnOffLights.space integrated one communication system between all eDevices worldwide.

I am looking at the huge number of small private airport landing strips. Certainly millionaires have built these for their private travels. Same as I will build worldwide with heliports and Hydrogen Blimp docking stations that resemble the science fiction movies like Blade, and the 5th Dimension. Nap time now. I sneeze once to reset my brain. 66% power on IMac,

NOW GO FORTH and free my people by citizens arrest all terrorists, criminals, cybercriminals, any violator of ANY law endangering the lives of MY people. Includes any executive or politician. No more criminal lawsuits required, judgment served same day by witnesses showing all evidence and open circuit streamed video with Keith’s IseeStand PhoneCradle brand ‘KARREST’ using evote solutionJudge as WE HIS PEOPLE pass judgment real time on any decision affecting Our best interests and benefits. Use of solutionMilitary now empowers we the collective peace keepers to unleash the power of our young warriors as only criminal investigators trained with joint use of PNP AFP german/Swiss maybe Korean training methods.

Face reality LINO. Website DONE real-time each time and turned over to gru each and every time, in king all meeting and notes AND consultant suggestions on FAST PATH DEPLOYMENT launch of any products services. Even gtpsi las pinas group has NEVER EVER SHARED anything at all. Same
as sweeppp? Hidden membership. Who are they?? All your efforts are truly a WISH DREAM. True reality. Nothing deployed except the fast path systems I show everyone - mankind. Only I alone have spent over 400 manhours every single change requested. None of your advocacies will ever succeed. Again true reality, ask anyone to confirm anything I have stated all along. No items done in following list: standard business Cards, registered Sec, bir, others,, by-laws, no training material, no flyers, no NEXT AGENDA, no turnover of critical completed materials. NO OFFICE/PHONE/WIFI, no contracts, no signed agreements or contracts, NO accounting system =, no discussion with ANY LAWYERS or financial or business advisors, again. Except myself as I am indeed ALL THREE, actually all aspects aNd foundational components I have personally experienced, researched, watched thousands of videos on business prices. Spent 5 years, actually new 15 recovering and recording everything of current reality history. 5 out of of our primary funders, investors, supporters have died. Most old age disease, 1 probably a Alcoholic liver, one reported womanizer. One major media producer, one doctor. I have so so so much real cash to collect in USA based on any and all evidence of massive cybercrime attacks on all world banks and stock markets as well as all governments AND INTERNET LINKED DATABASES. MOST common issue I experience is common place.

Oh just wait, stop showing anything we do not know about, stop everything, we are too busy doing?????, keith=I really do not know WHAT. Few have patience to actually listen to prime Buisness advice, do they??? Most of your suggestions I immediately in corporated and SPOKE ABOUT in front of every single event, because lack of leadership and any planning is the failure of 95% of all startups, just WHO DO You CHOOSE TO CONTINUE leadership at any levels as you request. Anyone at all, name them . Old style is TAKES money to make money, always pay your lawyer first, always conform to best business practices, always back ground check everything and everyone with Human Resources. Ensure completing required steps, just a few required to hold meetings with required FOLLOW-UP. How many times have meetings been scheduled, then everyone shows up BEFORE TIME, short meetings when everyone has opportunity to share and agree known as mediation. Just how many times have I BERN LITERSLLY VERBALLY ATTACKED by ANGEL and others including in TAGALOG so others would laugh thinking I did not know what they were saying. Few have photographic memory I finally realize, fewer actually care about the rights of all others, even fewer work for GOD FULLTIME. Only a few of us know when to say NO, that will not work because (explain logic), few know when to rebuke and reproach, few have command of spiritual, business, and relationship language all at one time. To continue asking for exact same results over and over and over without any followup. Is indeed INCOMPETENCY and Complete CRIMINAL INSANITY.... i have no assets left to,sell off, Gloria is bipolar OCD and getting worst daily. At this point in overdue GODs timeline, I may just return to heaven soon, and literally PULL the life support systems away from all mankind, for that is indeed what this was always about. Respect for key members and paying fair wages for services and pride products delivered is only with +30 year old business process so many have documented with millions of HOW TO BOOK and eVIDEOS. Those are MY PEOPLE, 95% of them in Atlanta ga. No one calls anyone anymore, claiming OH if 3 or 4 way meeting is not held then someone will be defrauded out of their commission payment. This is the OLD OLD OLD way of doing business. Our unique (r)(c)(tm) patent process and actual REAL PRODUCTS cost us 44manYears of 4000hrs/yr = 176,000 manhours. Our billing rate in 2011 was carefully published at $10,000 usd /day = $20 million annual all,profit consulting - expenses = net profit. Who do you know earned $500,000/yearly in 1999-2001 when DOT COM bubble stock Market crashed. You make promises all day long, you ask people to believe in JUST YOU and no else (loyalty trust issues you state each meeting). You refuse to,sue
MaryANN ?? For violating your rights to be with Precious. You troll gambling halls for young women to be assistants or sales agents or ?? True? Who is your true love? Yourself or others..... all registration of gtpsi members is ONLINE, will dashboard monitoring and full ways to make payment, no one has EVER logged into WIX much less sat down and reviewed ANY CONTENT. In front of large group you clearly stated. OH KEITH, because I did not sign any agreement with you, everything was your GIFT TO THE GROUP. Everyone laughed INCLUDING LINO>. I was beyond shocked at your arrogance and discredit disrespect for everyone present. A few rolled their eyes, and were thinking. Who would ever work for a jerk off like LINO. Ask them why few call you, does ANYONE call you at all. Providing you direct access to megs millionaires all over our world. Anyone at all?? Reality sucks, does it not I clear English.... PROOF again you never ever use anything I gifted humanity. Same as 7,8 billion blinded fools..... of Matthew chapter 23 of course. Said the master teacher sent by forsaken GOD... same as CHRIST. Just sent that reality to vhancht. Ask her to forward that expose that I again repost publish webcast even later tonight, I nap now, had a really long HONG Kong King KONG protest workday again today.

Reality is true. 3 people threatened to murder me. Rose, my own lawyer berry Vic Reynolds, my own terrorist brother. Rose jan 14, 2007, Vic april 14, 2014, Doug many times feb 2012 and continues to present moment, has anyine every threatened to murder you after defrauding and the. ROBBING YOU BLIND, violating so many laws we lost count long ago. Anyone at all? I focus 12 years now on personally putting ROSE ON DEATH ROW along with anyone else who treacherous threatens the lives of MY 7.8 billion people. Since no one shields and protects anyine. All,most too busy thinking of only self interests... true. It was NEVER this way back in 1980a, was it. Maybe here, can not tell. Seems most Filipinas HATE foreigner including when I am ONLY FOREIGNER in room those +1000 Press conferences and workshops, and events just aug 5, 2015 arrival here. I only planned 3 months to see the culture here, had no clue so many still want to murder me, even today.

I have never never ever heard of anyone at corporate level using group chats and imsg to run their entire enterprises and nothing else. Even refuse to read their emails, claiming OH MY GOD, too complex. We do not understand, make it simpler. Provide the documents, on on and on again. Never ever producing final results of cash in the bank that is the original financial legal spiritual definition of .CLOSE THE SALE. My outrage remains clear I was always justified to,out these criminals and terrorists in same hell jail when they put me as just punishment for absolutely no one ever answering my simple question, I was robbed, I was set up, I never violated anything, why am I still here. Then repeated for now 12 years, CALL MY LEGAL lawyers, call the IRS, FBI, AG, MARSHALLs. Call my key contacts INSIDE MY, repost Repeat MY MILITARY, never was the political or PRESidents THEIRS. Even George washingt\on 1st president said the same thing, so did MADISON key author of free will democracy that has devolved into sinister self serving man made laws layered to,point absolutely NO ONE can ever understand, even the lawsuits liar lawyers use court presidents of ancient court rulings, saying, this case looks like this, so the Supreme Court ruling says this is the Punishment no need to go to court trial. Just throw them in hell jail, we all make money and take bribes. No one sees anything since we alone control vehemently the clerks of court and recorders when we say. Strike that from the record as that is inadmissible HERE SAY/. HERE-SAY by known criminals was used to kidnap me 5 times not 4, for +900 days of hell as I said same things above, nothing every admitted into evidence as that would immediately CONVICT ESCH and every one of them. The horrid sin personally experienced would have driven most to
suicide or shouting out. I AM A PRISONER OF TERRORIST’s. Who would ever believe that, USA PUBLIC will always be beyond OUTAGED to the point of Rodney king la riots and Oj Simpson RIOTS, and Hong Kong RIOTS, and HONG KONG political genocide occurring today. To,expect ,e to sit quietly saying YES to everything like ANGEL will never ever occur. As only sage advice of NO NO ado it this way and you will profit by NOT REPEATING the same stupid mistakes other successful,executives had made. Do your have ANY mentors you meet on regular schedule, here you falsely claim you know Villar family and refuse to, set up talks with me and our team?? WHY. Scared of authorities. Maybe scared your BF HOMes reputation is tarnished because of our famili or maybe you scammed someone/. Have you. Many top executives do anything to gain competitive advantage, thinking you can sell ONLY WILO pumps and pimple pipes to closed factories happening RIGHT NOW. WOW WOW WOW WOW, you never did any research on turnoverflights.space did you. Or how SolutionSafeWater is the only true green eco mining of mountains, and open pits become pumped storage lakes both was. All Engrineerdd b myself. You falsely think NO big mega corporations would ever buy anything from absolute top inventory of everything, true, you and most others said same thing. TESLA was clearly almost forces out of business many times And was as he at in his NEW YORK hotel, impoverished and hungry and made than HELL no one every listened to HIS world changing solutions. Clearly he too was a messianic technical savior sent by GOD himself, same as KEITh has been my entire lonely life. Tesla was abandoned and ridiculed by his very own primary Funder JPMorgan when Morgan realized he could not capture the entire market. Easy to steal Tesla’s patents and working systems than to actually honor his contracts and paid him his rights. Same for KEITh, I had pending contract with famous AT&T president glen LURIE and invited by 7 retired USA generals to place millions of my 5th generation product lines into GSA catalog for world wild distributors use at THEIR EXPENSE, never mine. Worth excess of $ 1Billion USd pure net profit by year 2017 projected in person by Hugh Ballou and Ed Bogle of CEOSPACE.met. Note: Tesla many times was told IMPOSSIBLE because his new age methods where 20-100 years ahead of All existing old technology. Rich claims Albert Einstein was a latent patent agent thief and never ever invented anything of merit, same said about Tesla. No direct current systems for residential or commercial use exists Anywhere. Per LINO, you claim you are an inventor, Same as many I personally debrief her and USA past 2007 year as Vice President GA inventors society norcross GA USA. Westinghouse and Thomas Edison, even FORD lost billions in profits when world demanded STOP USING DIRECT CURRENT systems it is indeed USLESS and so so expensive to construct power plants every 5 miles apart. Tesla crates of patents were all edged stolen by Donald Trumps father night of Tesla death. WOW. Is this source of trumps criminally acquired wealth, all those tax write offs and casino gambling underhand systems. I work FOR TRUMP fearlessly. Would any one RESLLY want WITCH CLINTON leading anyone. Oh oh oh PLEASE SUE ME for slander and libel for using the word WITCH or criminal, or terrorist, or cyber crime, or whomps weapons of mass destruction, or the word GOD, or anything, these are only WORDS PEOPLE. Slander and libel are civil charges NO ONE HAS EVER CHARGED ME WITH, yet here-say by unknown criminals was used to remotely order my multiple murders.. WAKE UP MY PEOPLE, most are dead asleep at the nuclear switch of anyone who just sprays a little sarin gas or mutated Ebola strain or dumps dna targeted poison in any water tank worldwide. Or any other method to kill of MY PEOPLE. I just blew up at GLORIA as even she refuses to sit down and see what I gifted all of humanity, I. Really any dead serious about destroying all these last last 6 websites and watching as world self destructs. When I look at NYC stock market wave up and collapse, I see immediately direct correlation Statistical term that every single time I personally make new technology breakthroughs sent by my father through myself and maybe a thousand other scientists, I think. OH MY GOD, look at what is happening to our prime interest rates, our housing,
our infrastructure, it goes up and down based only in technology advances, the collapses because of greed of names bankers and corporate executive. Lino. STOP AND READ ABOVE and STOP wasting my time.

From lino May 28, 2020 9:50pm he says

No one is reading your long messages. For the past 3 years, you must be sensitive enough that no one would like to involve in your advocacy. Something is wrong. You cannot adjust to people’s idea. You try to push on something that people don’t,like. Please wake up

I respond to world. And lino. Dam IT LINO. See the DAMS of SolutionSafeWater.org. Not a single person but myself has ever accessed YOUR website. Not a single DAMN soul. Lino response for all to read HIS exact most critical words, use of common sense and word of rebuke reproach

They don’t like what you are doing. It’s not my website. It’s your website and GTPSI Manila. Don’t push me to accept website that’s not my own.
You are being tortured by your own conscience. I am here to advise you what is right but you are to arrogant. Please stop sending me long messages.

Many already giving hatred feed back but I keep in protecting you that you are really affected by your past. But you are to hard headed. Please stop sending messages to me. Thanks

Keith. Call me. Now. I just called you. I will never ever again engage with a false promise blinded total FOOL. Yes you are indeed a fool for thinking only highest priced wilopus and commodity pipes could ever overthrow the local powerhouse Chinese who taught you. The ONLY THING THST MATTERS IS TOTSL DOMINATION of 100% of our market. Literally kill,and murder any completion. No one will ever know. I was personally told this in china by alcoholic scam artist phi KWan as he sold off my $1 billion fortune claiming JPIL went out of Buisness Japan Production Industrial Licensing, I think. STOP TELLING ME I AM A STUPID FOOL and have NO VSKU to anyone, you are the fool. Complete fool since you have never sold any technology and I think been OUT of all leadership positions past +10 years because of your bad Health, bad no marriage, bad everything and your quest for GOD. Yes you have Ben brainwashed by INC since I heard their false testimony so so many times claiming false prophet felix mandalo? Was Christ incarnate. So so true. They repeat that over and over to pirate billions of our $$$ every usd. I went to their I.N.C. temple 2015 and Webcast, and JerUSALEM Vatican Holy Week 2015 on exact same search for my Real GOD mission . I was told, he already was inside my technology. I heard maybe we talk Friday, probably never talk again. That is true state of my reality. Health goes DOWN every day. I even have minor ? Chest pains sometimes, NO health from USA EMBASSY or ANYONE world wide, so I continue to work fearlessly for ALL WORLD PRESIDENTS since no one EVER does THAT one SOLUTION.
I have zero anything from my USA gov, no health Care, no pension, no anything. All stolen by these DAMN TERRORIST group number imsg real,+125 for they all were criminally insane to think GOD and I and SolutionMilitary would never put thin on open trial MILITARY TRIBunal that few know is the most fast path way to out and out these murderers of millions on instant death row. If you do call rich, i blissfully told him to STOP being so paranoid of this ET alien invasion stupid untrue grey and repilitian ventricular planting of human race to eat us all some day, he claims Mexican Aztec died this day. And other ancient civilians died that way. Makes no common sense. The FLU PLAGUE is what happened by mustard gas Style ecological sway evolution creation joint partnership design, easy to see good and Mother Earth designed each organism to die and never be immortal like they are. So dying today is as good as it gets. Who wants to be out in nursing home beds for years at horrible expenses. This happened to BOTH my parents who were severe drunks after they suffered losses of their parents. Both of them... and millions of others never resolve their emotional issues. My best suggestions is always to go find highly qualified psychologist who hears these tragic stores every time. We have solution for them also delivered way back 2008 when my wife I finally admitted was a a true secret closet lesbian.

I lived fulltime in North Luzon and MoToecycled in pathetic 150cc for 4.5 years now, no CAr, can never afford it being impoverished by ROSE terrorists or months all over same area. Never never heard anyone talk about NPA terrorists. What would anyiojs do when I say truthfully “I am FatherKeith, I have no money. Can you feed me and we can talk about your family and church”. Welcome to client3635.wixsite.com/ChristDomain that also achieves total world global peace...

I remain shocked NO ONE has ever ever asked anything about anyone and Theseus true MURDER for hires conspiracies all felony federal crimes,... BECAUSE i successfully debriefed langley AirForce base sept 25, 2011 as that is already IN their records and MY FILES. See how hard it is to ever expose real human terrorists. Near impossible since they threaten to murder any competitive (think Chinese CCP who are 100% controlled by unnamed Chinese generals. Probably old Chinese pipe and pump traders... who can see that connection. Keith

+250 named persons PERSECUTED me personally claiming I was stupid, useless, an idiot. Morin, even was assaulted broke my jaw, my eye socket, almost killed me. One punch from a criminally deranged black man, thought I was Jesus, demanded I heal him. I told him stop bothering me, go talk to a mental health professional right down the hall. Same advice below, we DO have Great doctors. Mine were Dr robin Kirby, dr Hege, about 5 others because of ONLY Lesbian deranged sherry mingle duncan ex wife who also wants me dead. Call her +1(770)825-0500 and ask her if she defrauded me of everything snd testified In closed court I was a drug addict, a child kidnapper molester, a deranged moron who had no clue how to be a megs millionaire. I could only do consulting hourly paid work for product services in a dying market. I decided w005 to build what is today creatorKeith.space NGO trust foundation criminal, investigation angel investor philanthropists.
